## **The Immigrant Investor Program**

As a means of promoting economic development across the country, both the Canadian Federal government and the Quebec Provincial government have developed the Immigrant Investor Program to Facilitate the immigration process for business people and investors. Immigrants who qualify under this category benefit from expeditious processing towards their permanent resident visa, without the restrictions found within other categories. Through their Immigrant Investor Programs, Canada and Quebec welcome thousands of experienced business people and managers every year granting them Canadian Immigrant Visas which lead to citizenship for themselves and their family members.
